

## 5 BENEFITS OF MEMBERSHIP

# YOU BELONG

Centers for Spiritual Living consists of communities worldwide united by their love of Science of Mind, their passion for personal and global transformation, and their shared vision of a healthy, loving world.

People have always formed communities so that they can be part of a group. We want to surround ourselves with those who share our values and vision and are inspired to change the world for the better. We choose communities that enhance our lives because of the mutual support and benefits of shared inspiration, information, and experience.

As a CSL Member Community you belong to a family of more than 400 ministries and works in more than 30 countries around the world.

**Together, we are CSL.**

## 1

### **Inspiration and motivation**

In thriving communities, there is always something new and amazing to inspire others. CSL and its member communities produce conferences, retreats, and spiritual content in the form of online evergreen educational courses to access when you want, as well as certificated spiritual curriculum for adults and youth and innovative professional development programs. We provide suggested monthly themes with content and social media posts for use in our communities.

## 2

### **The advantage of shared experience**

By sharing our experiences through a web of collegial relationships, regional support coordinators, monthly CSL connection calls, summits, and seminars, we can learn, share and interact with others whose experiences can be instructive and valuable to our growth. Belonging to a community means contacts, resources, and, most importantly, spiritual friendship. And CSL tracks, records, and organizes an international database of professional and educational records for its members.

While the Science of Mind Library and Archives works to preserve our collective history, the Science of Mind Foundation supports communities in sustaining their future.

## 3

### **A recognizable global brand**

Strength of identity is created through instant visual recognition of our brand. Whether on billboards, social media, or a marquee, the Centers for Spiritual Living logo has become a leading and recognized icon of New Thought teaching worldwide. By using CSL's brand, you are joining a growing family of community partners and have access to all the benefits of being a 501(c)3 nonprofit.

## 4

### **A solid one-hundred-year strong consciousness of oneness**

And it's backed up by the treatments of the World Ministry of Prayer, healing public statements, practical legal support and ethical standards. Support and connection is provided through conferences, retreats, and networking.

## 5

### **The joy of being with people who share a similar worldview and belief system**

The fun of being social when you are part of a community is amplified by knowing you belong in it without losing your identity or uniqueness.
