

ANDREA ASEBEDO

Let Love Be Our Legacy

My experience spans five decades serving as Spiritual leader in two wonderful Centers, CSL Redding and CSL Bellingham. It's been a privilege to serve in this way, and it has honed me in many ways as I made my way through different areas of service. In 1999, I realized that I required more skills in counseling for my dual role and began a graduate program in Counseling Psychology. I became a licensed Marriage and Family Therapist in 2005, retiring in 2019. I recently retired from pulpit ministry and continue to serve as the Ethics &

Standards Manager for CSL.
